

Canvey Island Infant School and Nursery

OUR VISION

At Canvey Island Infant School and Nursery, every child matters. We aim to prepare our children for a successful future and believe that learning is a journey, not a destination.

OUR SHARED MISSION

- ❖ *To provide a happy, safe and stimulating learning environment in which every learner feels valued.*
- ❖ *To celebrate learning in all its forms and to address the varied needs of our children, so that they are able to develop their full potential and to continue their learning journey from a secure foundation.*
- ❖ *To promote a school ethos which values kindness and consideration for others, politeness, tolerance, respect, hard work and perseverance, and where children develop the self-confidence and resilience to meet the opportunities and challenges of the twenty-first century.*
- ❖ *At the core of this mission is a team of highly committed, motivated staff, who provide quality teaching, exciting and challenging learning experiences and sensitive pastoral care, in a well-resourced setting and in an effective working partnership with children, parents, governors, the Local Authority and our community, both local and worldwide.*

We would wish our children to take with them happy memories of their time at Canvey Island Infant School and Nursery.
