Mathematics Workshop for Parents and Carers

Dear Parents and Carers,

We are excited to invite you to a Mathematics Workshop designed to support your knowledge and understanding of various maths concepts, methods, and language. This will be taking place on **Monday 17th March 2025** at **2.15pm** in the **school hall**.

During the workshop, we will explore the different maths concepts, methods, and the mathematical language that we use in our curriculum. At Canvey Island Infant School and Nursery, we use the White Rose Maths scheme, which is implemented from Nursery through to Year 2. This workshop will give you insights into how your child learns mathematics at our school and how you can support them at home.

Please complete the following electronic reply form to show whether you will or will not be attending the Mathematics Workshop. If you have any specific questions or areas you would like addressed during the workshop, please include these in your answer to the relevant question in the form.

Reply Form – <https://forms.office.com/e/p2JUxhyjib>

Your participation in this workshop is valuable, and it will provide you with practical strategies to assist your child's learning journey. Should you have any questions or require further information, please do not hesitate to contact me.

We look forward to seeing you there and working together to enhance your child's mathematical skills.

Yours sincerely,

Miss H Maynard
Deputy Headteacher

Learning is a journey, not a destination
