15th March 2023

Dear Parents and Carers

To enhance the children's learning during Science Week, I am very pleased to tell you that a Bird of Prey Demonstration Team will be visiting Canvey Island Infant School and Nursery, next Tuesday.

Night Owls are a birds of prey demonstration team who will be bringing some magnificent creatures into the school for the children to meet. The team will tell the children all about the birds and then fly them in the hall for the children to see close up.

There is no charge for the visit to the school but, instead, the children will be given the opportunity to have their photograph taken with the beautiful barn owl, Whisper, which is a lovely souvenir of what is a great experience for them. You will be given the opportunity to buy the photograph of your child, if you wish to.

Night Owls try to make the photographs reasonably priced and they start at £10 for a 7" x 5" photo with a mount. Enlargements are also available. There is no obligation to purchase the photograph and please do not send in money before the visit. However, each photograph sold helps Night Owls to continue visiting schools and offering this amazing opportunity to the children.

Having welcomed Night Owls into the school before, I know the children are in for a real treat, especially when Whisper flies silently just above their heads. I am sure they will tell you all about it after the visit.

Yours sincerely

Mrs K Price
Science Subject Leader
