Dear Parent/Guardian,

Multi-Active are pleased to announce we have been chosen by Canvey Island Infant School and Nursery and Canvey Junior School to provide wrap around care for the next academic year starting in September. As part of this we will be providing before and after school clubs throughout 2022/23. Our new setting will be called The Cave and we will shortly be providing details of how you can meet the team.

Multi-Active also run holiday clubs and you can find more details about these online at www.multi-active.co.uk

To register your child for sessions we provide two main ways of doing this:

To make a continuous regular booking you can now complete an application form online by going to www.multi-active.co.uk and clicking on wrap around care, then The Cave and click on make a regular booking. Fill out the online form and submit. Once completed our office team will be in touch to confirm your booking. A regular booking renews then every month and we send a monthly invoice to you. It's ideal for parents who want regular childcare or for children who want to attend clubs on a regular basis. It also saves parents the need to keep booking and offers the best price value.

If you would prefer to book on an ad hoc basis, simply go online and click wrap around care and then choose The Cave, Click on the month you wish to book, and you can book sessions as and when required online. Please note due to the nature of booking on a casual basis there is an additional 10% extra fee on top of the prices below and therefore a regular continuous booking offers the most value price. This option is ideal for emergency or casual care or for children who wish to try a session first.

We will be opening for year 1- year 6 in September and in January we will be up and running for Reception.

For every child enrolled onto a regular continuous booking for September we will be providing a free multi-active T-Shirt.

Pricing for 2022/23

Breakfast Club £6 per session – can attend anytime from 7.30am

Includes breakfast for your child
