Roll the dice. What number have you landed on? This will go in the middle.  
For example, if you land on 4, the number 4 will go in the middle group.

fewer	4	more

- Then sort your dominoes into:
- dominoes that show 4
  - dominoes that have fewer than 4 spots
  - dominoes that have more than 4 spots

**#MathsEveryoneCan**

Ask a helper to hide 10 objects.  
Make a giant ten frame on the floor.  
You could use sticks, masking tape or even chalk outside.

Go on a hunt to find the objects.  
As you find the objects, put them in your ten frame.  
How many have you found so far?  
How many more do you need to find?
