

Canvey Island Infant School and Nursery

RSE progression document

Year 2

Haven't you grown?

Children can identify different stages of growth. They can describe some of the changes and how their capabilities change at different stages.

My body, your body.

Children will recall and revise parts of the body that are private and ways in which they can be kept private. They can identify people that its ok to talk to about their private parts.

Know that people are different and all our body share are not the same. Understand that they are a unique person.
