Maths Week – 17th November – 21st November

Dear Parents and Carers,

Throughout the week commencing Monday 17th November, Canvey Island Infant School & Nursery will be celebrating and raising the profile of mathematics in line with Maths Week England. The week will be filled with a range of mathematical activities for the children to participate in and complete and to build a love and enjoyment for Maths.

We will start the week with a whole school assembly and then each year group will be completing a range of different Maths activities throughout the week which may include:

- Active Maths lessons
- Maths P.E games
- Outdoor Maths trails
- Problem solving activities
- Learning to count in another language
- Data handling activities

Year 1 & Year 2 – Maths Quiz or Game

Throughout the week, the children will be working to create their own Maths quiz or game and, once complete, they will share and trial their quizzes or games with their peers.

Home Learning Competition

For a Maths Week competition, we would like the children to complete one of two activities at home. The activities they can choose from are:

- Creating and making a money box
- or**
- Creating and making their own number character

The children's money box or number character will need to be in school **by Monday 24th November** and two winners for each activity, per year group, will be announced the following week and prizes given.

Maths Puzzle Workshop

With the help of the PTFA, we are in the middle of arranging Maths puzzle workshops for each year group (Reception, Year 1 and Year 2). As soon as this day has been confirmed, I will let you know more information.

Yours sincerely,

HMaynard

Miss H. Maynard
Acting Headteacher

Learning is a journey, not a destination
